

**CVs of Candidates for Newly Appointed Corporate Vice  
President, Senior Managing Executive Officer and  
Managing Executive Officers**

Newly Appointed  
Corporate Vice President,  
Managing Executive Officer

## Steven Winn

Steven Winn has spearheaded numerous large-scale business development projects in the energy sector and successfully built and managed complex organizational structures with diverse talent. Since 2023, he has served as Chief Global Strategist (CGS), playing a pivotal role in establishing JERA Nex bp and leading transformational M&A initiatives. Prior to his current role, he served as Chief Executive Officer (CEO) of JERA Americas, having originally joined as Chief Development Officer (CDO) in 2017. His extensive experience and strategic vision continue to drive the global expansion of JERA's business and strengthen its competitive position in international markets.

Executive Officer

**Irtiza Sayyed**

Irtiza joined Exxon Mobil Corporation after completing his MBA, and has spent the last ~20 years progressing through a variety of global Leadership roles. His work experience spans multiple disciplines, including Commercial & Business Development, Finance, Mergers & Acquisition, Strategy & Planning, Upstream Operations and Analytics. He has held numerous global Leadership roles managing tens of billions of dollar business units and/or deals. He has a proven track record of managing and delivering exceptional business results in all environments. He has lived in, and worked from, USA, UK, UAE, Qatar, Singapore and Indonesia. Over the years Irtiza has also collaborated with JERA on LNG market development, and more recently pioneering blue ammonia projects. These interfaces have given him deep insights into JERA's strategy, mission, and vision. Drawing on his deep expertise and global experience, he will look to deliver critical insights, and provide strategic guidance, allowing JERA to create and capture value from the entire value chain.

**PROFESSIONAL CAREER:**

**EDUCATION and QUALIFICATIONS:**

2000 Bachelor of Science in Bio-Medical Engineering & Mechanical Engineering,  
Marquette University, Milwaukee WI

2006 Master of Business Administration in Finance & International Management,  
American University, Washington D.C.

Newly Appointed  
Managing Executive Officer

Shuji Munekuni

After joining The Industrial Bank of Japan (currently Mizuho Bank, Ltd.), Shuji Munekuni engaged in industry research and quantitative analysis with a primary focus on energy, natural resources, and environmental sectors. His work included policy discussions with government authorities and major energy corporations, business strategy advisory services, and policy recommendations. He also has experience in portfolio management and new business development.

At JERA, he established the JERA Global Institute, the company's in-house think tank. The Institute delivers research and analysis on energy, macroeconomics, and public policy; develops key assumption for corporate planning; and provides market analysis for investment projects. Leveraging this expertise, he is expected to generate high-value intelligence that directly supports JERA's strategic decision-making.

**PROFESSIONAL CAREER:**

Jan 2025	General Manager, JERA Global Institute, Planning Division, JERA Co., Inc. (JERA)
Jul 2023	Senior Supervisor, Planning Division, JERA

**EDUCATION and QUALIFICATIONS:**

- Mar 1997      Master of Engineering in Metallurgical Engineering, Graduate School of Engineering, Tohoku University

Newly Appointed  
Managing Executive Officer

**Tetsu Nakagawa**

Tetsu Nakagawa brings extensive expertise in the thermal power sector. From December 2013, he played a key role in launching Hitachinaka Generation, a joint venture between Chubu Electric Power Company and Tokyo Electric Power Company. In April 2019, he became General Manager of the O&M Sales Group within JERA's O&M Department, where he spearheaded initiatives to enhance profitability through engineering-focused sales targeting the Japanese market. Currently, as General Manager of the Taketoyo Thermal Power Station, he leads efforts to optimize power generation while reducing emissions. Leveraging his deep knowledge and experience in coal-fired power plant operations, he continues to drive strategies that maximize the value of the JERA Group.

#### PROFESSIONAL CAREER:

Feb 2025	General Manager, Head of the Taketoyo Thermal Power Station, O&M Engineering Operation Division, JERA Co., Inc. (JERA)
Oct 2022	General Manager, Head of the Taketoyo Thermal Power Station, O&M Engineering Division, JERA
