

On the Conclusion of a Solar Virtual PPA Between Tokyo Metro and the JERA Group (JERA Cross)

1. Adoption of a Solar Virtual PPA

Tokyo Metro and JERA Cross have concluded a solar virtual PPA (an agreement to supply environmental value generated at non-FIT power generation facilities). Under this agreement Tokyo Metro will procure, through JERA Cross, non-fossil certificates (environmental value) representing an annual 2.4 million kWh generated by JERA's solar power facilities for a period of 25 years beginning in December 2024.

2. Effort to Utilize 24/7 Carbon-Free Energy to Achieve a “Safe, Sustainable Society” (Illustrative)

Renewable energy data management solutions are based on matching energy consumption and generation on an hourly basis, enabling more precise tracking of renewable energy sources. By enhancing the transparency of its decarbonization efforts, Tokyo Metro will contribute to achieving a truly carbon-free society.

3. Company Overviews:

About Tokyo Metro

Name: Tokyo Metro Co., Ltd.
Representative: Akiyoshi YAMAMURA, President
Headquarters: 3-19-6 Higashi-ueno, Taito-ku, Tokyo
Established: 1 April 2004
Business: Operation of passenger railway business; operation of urban and lifestyle creation businesses

About JERA

Name: JERA Co., Inc.
Representatives: Yukio KANI, Global CEO and Chair
Hisahide OKUDA, President, CEO, and COO
Headquarters: 25th Floor, Nihonbashi Takashimaya Mitsui Building, 2-5-1 Nihonbashi, Chuo-ku, Tokyo
Established: 30 April 2015
Business: Thermal power generation, renewable energy, gas and LNG, and related engineering and consulting businesses, etc.

About JERA Cross

Name: JERA Cross Inc.
Representatives: Satoshi TANAKA, Chairman & CEO
Takao MIKI, President & CEO
Headquarters: 25th Floor, Nihonbashi Takashimaya Mitsui Building, 2-5-1 Nihonbashi, Chuo-ku, Tokyo
Established: 28 April 2023
Business: Provision of GX business support services and power decarbonization solutions
