**CV of Newly Appointed  
Managing Executive Officer**

Newly Appointed  
Managing Executive Officer

**Takashi Noguchi**

He was involved for many years in the planning and operation of the thermal power generation business and in domestic business development. In recent years, he has overseen optimization management of overall business operations from fuel procurement to the sale of electricity and gas. With responsibilities for power supply-and-demand response and proper power trading, areas of growing importance, he is expected to utilize his broad knowledge and experience in areas such as power plant operations to contribute to optimal management of the entire supply chain.
